Delicious food, comfortable living room, reward for reasonable suggestions and excellent performance , all kinds of sports activities and other positive activities make our workers work with good mood, good health and high efficiency, this can guarantee good quality and maximum production capacity.

Product Features:

Quick and high absorbency :

Surface will get dry after one and half minute adsorption time. It can absorb liquid with volume many times higher than itself. It can keep dry after absorbing urine.

Comfortable

Cotton surface and breathable raw material makes you feel comfortable without irritation, every layer of raw material can also be customized by you, this means a wide range of menstrual pads can be choosen by you at your options, besides, 3D side guard can be added on this prouct for avoiding leakage.

Fluorescent Agent Free

All raw material for your products is fluorescent agent free, every batch of raw material arrived at our factory is inspected by us, our test room is specially for this.

Odor Free

We can make different measures to let adult diaper underwear keep you free from odor when you are using our product, this can also be customized.

Degradable

We have customers for degradable products, so we have degradable raw material in stock for you, if your product has degradable requirements, please contact us.

Applications:

Menstrual pad , also called menstruation pad or , sanitary pad or feminine pad etc., it is mainly used for woman menstrual period, it has two wings on its two sides for fixing on the feminine underwear, it has a strong adsorbency to absorb a large volume of blood, every piece of menstrual pad is separately packed to avoid contamination. it is widely applied by women in the world because it is easy to be placed and easy to be replaced, greatly solving women's menstrual problems
