Our Pr

Product Description

Pet Pad

Our Advantages :

Our company is a professional disposable pet pad and other individual care products enterprise in Weifang, Shangong, China, very near to Qingdao port. It takes you very short time from Qingdao airport to our factory.

FDA certificate, CE certificate and ISO9001 certificate and national level I Medical Equipment approved certificate are all achieved by our company.

Large factory area can provide enough space for warehouse and production.

Sufficient raw material stock with different kinds available for your option, different dimension and structure can meet your different requirements.

Nine international level production lines with high precision and quick speed can guarantee delivery time and good quality.

Different kinds of OEM products are available, they include adult diaper, adult diaper underwear (pull ups), sanitary napkin (including woman pad and menstrual pad), disposable underpad (disposable nursing pad), disposable puppy pad, disposable woman menstrual briefs etc..

Many years' rich OEM experience for many customers in the world, some customers are listed in "The world's Top 500 Enterprises"

Complete organization structure with detailed responsibility can guarantee your order is smoothly finished with good quality and within expected time.

Delicious food, comfortable living room, reward for reasonable suggestions and excellent performance, all kinds of sports activities and other positive activities make our workers work with good mood, good health and high efficiency, this can guarantee good quality and maximum production capacity.

Product Features:

Quick and high absorbency :

Pet pad Surface will get dry after a very short urine absorbing time. It can absorb liquid with volume many times higher than itself. It can keep dry after absorbing urine. It is composed of several layers with middle absorbent core which can turn liquid into gel.

Comfortable

Super soft surface and multi-layer breathable structure makes your puppy or pet feel comfortable without irritation, every layer of raw material can also be customized by you.

Fluorescent Agent Free

All raw material is fluorescent agent free, every batch of raw material arrived at our factory is inspected by us, our test room is specially for this.

Odor Free

We can make different measures to let pet pad keep odor free when your pet are using our product, this can also be customized.

Degradable

We have customers for degradable products, so we have degradable raw material in stock for you, if your product has degradable requirements, please contact us.

Applications:

They are applied for your pet, you can train your pet discharge its urine on its surface, after your pet or puppy form a good habit, its living area will be kept clean and free from odor. You can also take your pet to have a journey without worrying about its urine discharge, its bottom layer is plastic and it is extended out around four borders around pet pad, keeping floor free from urine and avoid urine overflow.
