Product Description

Puppy Pad

Our Advantages :

Our Product

Our company is a professional disposable puppy pad enterprise in Weifang, Shangong, China, very near to Qingdao port. It takes you very short time from Qingdao airport to our factory, you can take high speed train or we can also pick you up.

American FDA certificate, Europe CE certificate and ISO9001 certificate and Chinese national level I Medical Equipment approved certificate are all achieved by our company, all these are the base for OEM for our customers.

Large factory area can provide enough space for warehouse and production.

Sufficient raw material stock with different kinds are available, different dimension and structure can meet your different requirements.

Nine international level production lines with high precision and quick speed can guarantee delivery time and good quality.

Different kinds of OEM products are available, they include adult diaper, adult diaper underwear (pull ups), sanitary napkin (including woman pad and menstrual pad), disposable underpad (disposable nursing pad), disposable puppy pad, disposable woman menstrual briefs etc..

Many years' rich OEM experience for many customers in the world, some customers are listed in "The world's Top 500 Enterprises"

Our complete organization structure with detailed responsibilities and rights can guarantee all your orders are smoothly finished with good quality and within expected time.

Delicious food, comfortable living room, different rewards for reasonable suggestions and excellent performance, all kinds of sports activities and other positive activities make our workers work with good mood, good health and high efficiency, this can guarantee good quality and maximum production capacity.

Product Features:

Quick and high absorbency :

Puppy pad Surface will get dry after a very short urine absorbing time. It can absorb liquid with volume many times higher than itself. It can keep dry after absorbing urine.

Comfortable

Super soft surface and multi-layer breathable structure makes your pet feel comfortable without irritation, every layer of raw material can also be customized by you.

Fluorescent Agent Free

All raw material is fluorescent agent free, every batch of raw material arrived at our factory is inspected by us, our test room is specially for this.

Odor Free

We can make different measures to let pet pad keep odor free when your pet are using our product, this can also be customized.

Degradable

We have customers for degradable products, so we have degradable raw material in stock for you, if your product has degradable requirements, please contact us.

Applications:

They are applied for your pet, you can frequently train your pet every day to let it discharge its urine on the surface of puppy pad, after your pet form a habit, its living area will be kept clean and free from odor. You can also take your pet to every places without worrying about its urine discharge
