Our Product

Product Description

Eco Friendly Disposable Puppy Training Pads with SAP Superabsorbent Molecule

Product Description:

The Quick Dry Animal Pee Training Sheet is designed to quickly absorb urine and lock in moisture, ensuring your pet stays dry and comfortable. The moisture lock technology helps prevent leaks, making these pads leak-proof and ensuring your floors stay clean and dry. The pads are also sustainable and stocked, making them an eco-friendly choice for pet owners who want to reduce their carbon footprint.

The Disposable Puppy Pads are designed to be used both indoors and outdoors. The Outdoor Bag style makes them perfect for taking with you on walks or when traveling with your pet. The pads are easy to carry and store, making them a convenient choice for pet owners on the go.

These Hygienic Leak-proof Pet Training Pad are perfect for all pets, including dogs, cats, and other small animals. They are also ideal for use during the post-operative period, as a first aid cover, or for any other situation where your pet needs a clean and comfortable surface to rest on.

As a Training Products Type, these Agility Training Products are ideal for teaching your pet good habits and helping them learn to use the bathroom in a specific area. The pads are easy to use and can be placed in any location to create a designated potty area for your pet. This makes potty training quick, easy, and stress-free for you and your pet.
