Product Description:

Our Product Introduction

Our Disposable Incontinence Underpads come with a water absorption capacity of up to 500ml. This ensures that any liquid is absorbed quickly, leaving the surface dry and comfortable. These underpads are made with 3 layers of high-quality materials, making them durable and long-lasting.

The blue color of our Disposable Incontinence Underpads makes them easily identifiable and perfect for use in any setting. Whether in a hospital, nursing home, or at home, these underpads are a reliable and discreet solution for managing incontinence.

We offer free samples of our Disposable Incontinence Underpads so that you can try them out before committing to a larger purchase.

This allows you to test the quality and effectiveness of our product before making a decision.

Our lead time for production and delivery is between 3 to 10 days. This ensures that you receive your order in a timely manner and can begin using our Disposable Incontinence Underpads as soon as possible.

Features:

Product Name: Disposable Underpad

Lead Time: 3 To 10 Days

Adhesive Strips: 4 Strips

Layers: 3 Layers

Water Absorption: 500ml Or Oem

Fluff pulp: Made In US America

Our Disposable Underpad is a waterproof disposable underlay that can also be used as a waterproof disposable mattress pad. With 3 layers and a water absorption capacity of 500ml or more, it is also an absorbent disposable bed pad. The product comes with 4 adhesive strips for secure placement. Made with fluff pulp from the US, it is a high-quality and reliable product.

Applications:

The customizable disposable underpad comes in various sizes, including 33*45, 45*60, 60*60, 60*90, 60*120, 80*160, and 80*190, making it suitable for different bed sizes. The product is made in China and is certified with CE, FDA, ISO9001, ISO13485, and FSC, ensuring that it meets all the necessary quality standards. The minimum order quantity for this product is 100000pcs, and the price ranges from 0.04-0.1usd. The packaging details include 10pcs, 15pcs, 20pcs, 30pcs, and 50pcs, providing the customers with different options to choose from.

The customizable disposable underpad is incredibly versatile and can be used in various situations. It is perfect for people who suffer from incontinence and can be used to protect the bed sheets, mattresses, and other furniture from any leakage. These incontinence bed underlays can also be used during menstruation, postpartum bleeding, or after surgery. The product is easy to use and comes with adhesive strips, ensuring that it stays in place throughout the night.

The customizable disposable underpad comes with three layers, providing maximum absorption and protection. The product is also available in a size of 30x36 inches or customizable, making it suitable for various bed sizes. The lead time for this product is 3 to 10 days, and the supply ability is 8000000pcs per month. The customers can also request a free sample before placing the order to ensure that the product meets their requirements.

In conclusion, the customizable disposable underpad is an incredibly useful product that has various applications in different scenarios. These waterproof disposable mattress pads are ideal for people who suffer from incontinence, menstruation, postpartum bleeding, or after surgery. They are also useful for medical facilities, nursing homes, and hospitals to maintain hygiene and cleanliness.
