### Product Description

Waterproof Absorbent Medical Bed Pads Perfect for Agility Training Solutions

#### Product Description:

Our Product Introduction

Our Disposable Underpads consist of three layers. The top layer is made of a soft, non-woven material that is gentle on the skin, while the middle layer is made of super absorbent material that quickly draws in and locks away moisture, ensuring maximum comfort and hygiene. The bottom layer is waterproof, ensuring that the underpad remains leak-proof and preventing any liquid from penetrating through to the surface below.

These Disposable Underpads are ideal for agility training products. They are also a perfect choice for use in hospitals, medical clinics, nursing homes, and even at home care. With the support of room space selection, our Disposable Underpads are highly versatile and can be used with a bed, chair, or even in a wheelchair.

Our Disposable Underpads come in a standard size of 30x36 inches, but we can customize the size as per your requirements. These underpads are easy to use and dispose of, making them a convenient and cost-effective solution for incontinence care.

Our Disposable Underpads are also known as disposable hospital underlays, absorbent medical bed pads, and are highly recommended by healthcare professionals.

Overall, our Disposable Underpad product offers a reliable and effective solution for incontinence care that is both hygienic and comfortable for patients.

## Applications:

Our customizable brand Disposable Incontinence Underpads are an essential product for anyone experiencing incontinence. These underpads provide a comfortable and reliable solution for those who need protection from accidental leaks. They are suitable for use in a variety of occasions and scenarios, such as:

Home care: For those who are caring for elderly or disabled family members at home, these underpads can be used to protect beds, chairs, and other surfaces from accidental leaks.

Clinical settings: Hospitals, nursing homes, and other healthcare facilities can use our underpads to ensure the comfort and dignity of their patients. They can be used for bedridden or immobile patients, as well as for those who are recovering from surgery or other medical procedures.

Travel: Our underpads are lightweight and easy to pack, making them a convenient solution for those who need incontinence protection on the go. They can be used in cars, planes, and other forms of transportation, as well as in hotels and other accommodations.

Outdoor activities: Whether you're camping, hiking, or enjoying a day at the beach, our underpads can provide protection and peace of mind. They are waterproof and can be used on any surface, making them a versatile choice for all kinds of outdoor activities.

Our Disposable Incontinence Underpads are also known as incontinence bed underlays or underpad bed sheet protectors. They come in a range of sizes, including 33x45cm, 45x60cm, 60x60cm, 60x90cm, 60x120cm, 80x160cm, and 80x190cm, and can be customised to meet your specific needs. They are made in China and come with CE, FDA, ISO9001, ISO13485, and FSC certifications, ensuring their quality and safety. The minimum order quantity is 100,000pcs, and the price ranges from 0.04-0.1usd per pad, depending on the size and quantity ordered.

Our underpads are packaged in quantities of 10pcs, 15pcs, 20pcs, 30pcs, or 50pcs, and have a delivery time of 10-15 days. We accept payment via TT and have a supply ability of 80,000,000pcs per month. The underpads are available in blue and have a water absorption capacity of 500ml or OEM. They are suitable for use year-round and are a reliable and affordable solution for those who need incontinence protection.

Whether you're caring for a loved one at home, working in a healthcare facility, or simply need protection on the go, our Disposable Incontinence Underpads are the perfect solution. They offer comfort, reliability, and peace of mind, and are an essential product for anyone experiencing incontinence.

## Customization:

## Packing and Shipping:

Product Packaging:

The disposable underpads will be packaged in a cardboard box with dimensions of 16"x 12"x 8". Each box will contain 100 underpads that are individually wrapped in plastic for hygiene purposes.

Shipping:

The product will be shipped via standard ground shipping. The estimated delivery time is 3-5 business days. Expedited shipping options are available at an additional cost. Shipping charges will be calculated based on the weight and destination of the package.
