Our Product

Product Description

Indoor/Outdoor Disposable Pet Pads with Super Absorbent Convenience and Comfort

Product Description:

Our Disposable Pet Pads are made with the highest quality SAP (Super Absorbent Polymer), which is either Sumitomo or Sundia depending on availability. This ensures that each pad can hold a significant amount of liquid and keep your floors dry and clean. The SAP also helps to lock in any odors, making sure that your home stays fresh and clean.

We offer OEM (Original Equipment Manufacturer) options for those looking to customize their pet pads. With our OEM service, you can choose the size, material, and packaging options that best suit your needs.

Our Moisture Locking Disposable Pet Mats come equipped with a Wetness Indicator, making it easy to know when it's time to change the pad. The indicator changes color when the pad is wet, giving you a clear signal that it's time for a replacement.

Each package of our Disposable Pet Pads comes in either a Poly Bag or Box, depending on your preference. The packaging is carefully designed to make sure that the pads are easily accessible and ready to use when you need them.

These Quick Dry Pet Pee Pads are perfect for use with puppies, older dogs, or any pet that needs a little extra help with potty training. They are also great for use during travel or in crates, as they provide a comfortable and hygienic surface for your pet to rest on.

Overall, our Moisture Locking Disposable Pet Mats are a must-have for any pet owner looking to keep their home clean and odor-free. With their high-quality SAP, wetness indicator, and customizable options, these pet pads are the perfect solution for any pet-related messes.

Applications:

These Leak Proof Disposable Pet Pads are perfect for pet owners who want to keep their homes clean and hygienic. They are especially useful for pet owners with puppies or senior dogs who may have accidents in the house. The super absorbency feature of the pads ensures that any liquid is quickly drawn away from the surface, leaving the pet pad dry and comfortable. The pads are also hypoallergenic, making them suitable for pets with sensitive skin.

These Hypoallergenic Pet Training Mats are not just for home use. They are also great for pet owners who are on-the-go. The pads can be used in pet carriers, cars, and hotel rooms, providing a clean and comfortable surface for pets to rest on. The pads are also useful for pet owners who like to take their pets on outdoor adventures, such as camping trips or picnics.

The OEM Underpad packaging is available in 10pcs, 20pcs, and 30pcs, making it easy for pet owners to purchase the right amount for their needs. The pads are packed in poly bags or boxes, ensuring that they are protected during transportation. The delivery time for these pet pads is 10 days, with payment terms of TT. The supply ability is 58,000,000 units per month, making it easy for pet owners to always have a supply of these pads on hand.

Customization is also available, with pet owners able to choose the SAP from either Sumitomo or Sundia.

Customization:

Packing and Shipping:

Product Packaging:

The Disposable Pet Pads are packed in a cardboard box with the company logo and product information printed on it. The box contains 100 individual pads that are sealed in plastic bags to ensure freshness and cleanliness. Each pad measures 22 x 22 inches and is designed to absorb and lock in pet urine and other liquids.

Shipping:

The Disposable Pet Pads are shipped from our warehouse within 1-2 business days after receiving the order. We offer free standard shipping within the United States, which usually takes 3-5 business days to arrive. Expedited shipping options are also available at an additional cost. We ensure that all packages are securely packed and labeled to prevent damage or loss during transit.
