Product Description

Disposable Elderly Pull On Underwear for Heavy Absorbency and Convenience

Product Description:

Our Product

One of the most important features of our adult pull-up diaper is its heavy absorbency capacity. Our product is designed to absorb a high volume of liquid, ensuring that the wearer is always dry and comfortable. This feature is particularly important for seniors and adults who suffer from incontinence or other bladder-related issues.

The leg cuffs of our adult pull-up diaper are designed to provide leakage protection. The cuffs are made of high-quality materials that prevent any accidental leaks or spills. This feature is essential for individuals who are bedridden or have limited mobility. With our product, they can rest assured that they will not experience any embarrassing leaks.

The adult pull-up diaper is made of non-woven fabric, which is a soft and durable material. The fabric is gentle on the skin, ensuring that the wearer feels comfortable at all times. Moreover, the non-woven fabric is breathable, preventing any rashes or skin irritation. This feature is particularly important for seniors or individuals who are bedridden and spend most of their time in the same position.

The waistband of our adult pull-up diaper is elastic, ensuring that it fits snugly and comfortably around the waist. The elastic waistband also ensures that the product does not slip or move, providing maximum protection to the wearer. This feature is particularly important for individuals with limited mobility who may have difficulty adjusting their undergarments.

Our adult pull-up diaper comes in two packaging options: a pack of 20 or a case of 80. This quantity is ideal for individuals who require a constant supply of adult diapers. With our product, they can rest assured that they will always have a sufficient supply of dependable and absorbent briefs.

In conclusion, our Adult Pull Up Diaper is an excellent solution for individuals in need of dependable and absorbent briefs. With its heavy absorbency capacity, leakage protection, non-woven fabric, and elastic waistband, our product provides the perfect combination of comfort and protection. Whether you are looking for senior absorbent briefs, mature disposable undergarments, or elderly dependable briefs, our product has got you covered.

Our Adult Pull Up Diapers are available in four different sizes: S, M, L, and XL, making them suitable for a wide range of individuals. Whether you are caring for an elderly relative or are experiencing incontinence yourself, our products are a reliable and effective solution. Our Adult Pull Up Diapers are certified by CE, ISO9001, ISO1348, FDA, and FSC, ensuring that they meet the highest standards of quality and safety. With a minimum order quantity of 60000 units, a price range of 0.1\$-0.25\$ per unit, and packaging options of 10pcs/20pcs/30pcs, our products are accessible to all who require them.

Our Adult Pull Up Diapers feature tape tabs for secure fastening, leg cuffs for added leakage protection, and an elastic waistband for a comfortable and snug fit. These features ensure that our products provide superior protection against leaks and accidents, allowing individuals to go about their daily lives with confidence and ease.

Our Adult Pull Up Diapers are manufactured in China, with a supply ability of 8000000 units per month and a delivery time of 10 days. We accept TT as our payment terms, making it easy and convenient for customers to place orders with us.

If you or a loved one are experiencing incontinence issues, customizable Adult Pull Up Diapers are the ideal solution. Choose from our Senior Absorbent Briefs, Grown-up Absorbent Pull-Ups, or Adult Incontinence Pants for the ultimate in protection and comfort.
