Product Features:

Quick and high absorbency :

Product surface will get dry after one and half minute adsorption time. Its middle absorbing layer can absorb liquid with volume many times higher than itself and can sufficiently lock liquor. It can keep dry after absorbing urine, we can make this test for you when you visit factory

Comfortable

very soft surface layer and very breathable structure makes you feel comfortable without irritation, every layer of raw material can also be customized by you, and moisture can be promptly discharged out through breathable layers, making you feel comfortable

Fluorescent Agent Free

All raw material is fluorescent agent free, every batch of raw material arrived at our factory is inspected by us, our test room is specially for this.

Odor Free

We can make different measures to let adult diaper underwear keep odor free when you are using our product, this can also be customized.

Degradable

We have customers for degradable products, so we have degradable raw material in stock for you, if your product has degradable requirements, please contact us.

Applications:

They are applied for those men and women who are experiencing different incontinence such as bladder leakage etc., if you have a long time travel, it can also be very suitable for you with peace of mind , of course, it is only applicable for not too serious incontinence, adult diaper is suitable for serious incontinence, please check other pages in our website for our adult diaper.
