### Product Description

## Product Description:

One of the best things about these Absorbent disposable bed pads is that they can be used in a variety of room spaces. Whether it's your bedroom, living room, or any other place where you need protection, these bed pads are perfect. You can use them on chairs, wheelchairs, or any other surface where you need protection from incontinence.

The Absorbent disposable bed pads are completely waterproof, which means that you don't have to worry about any leaks or spills. The waterproof layer ensures that any liquid that is absorbed by the pad does not seep through to the surface below. This makes cleaning up a breeze, and you can rest easy knowing that your bed or any other surface is protected.

These Absorbent disposable bed pads have three layers, each with a specific purpose. The top layer is made of a soft material that is gentle on the skin. It is designed to quickly absorb any liquid, ensuring that the user stays dry and comfortable. The middle layer is the absorbent layer, which can hold a significant amount of liquid without leaking. The bottom layer is the waterproof layer, which prevents any liquid from seeping through to the surface below.

These Absorbent disposable bed pads are also known as Disposable incontinence underpads. They are perfect for people who are experiencing incontinence, whether it's due to age, illness, or any other reason. They provide a comfortable and convenient way to manage incontinence, without having to worry about leaks or spills.

## Applications:

Our Disposable Incontinence Underpads are made with fluff pulp, which is made in the US America, and have a water absorption capacity of 500ml or OEM. The adhesive strips on the back of the underpad bed sheet protectors keep them securely in place, preventing them from shifting during use. They are available in packaging of 10pcs, 15pcs, 20pcs, 30pcs and 50pcs, making them convenient for different usage scenarios.

Our Waterproof Disposable Underlays are perfect for use in hospitals, nursing homes, and at home. They provide a comfortable and hygienic solution for those who suffer from incontinence. They are also suitable for use during postpartum recovery, after surgery, or for those who are bedridden.

Our Disposable Incontinence Underpads are available at a minimum order quantity of 100000pcs, with a price range of 0.04-0.1usd per piece. Our delivery time is 10-15 days, and payment terms are TT. We have a supply ability of 80000000pcs per month, ensuring that we can meet the needs of our customers in a timely manner.

## Support and Services:

Our Disposable Underpad product comes with comprehensive technical support and services to ensure our customers have a satisfactory experience. Our team of technical experts is available to answer any questions you may have about the product, including its features, usage, and maintenance. Additionally, we offer repair and replacement services for any defective products within the warranty period. Our aim is to provide our customers with reliable and hassle-free support, ensuring their satisfaction with our product.
