This Disposable Underpad is also known as Disposable bed protectors, Disposable hospital underlays, Incontinence bed underlays.

## Applications:

Our disposable underpads are ideal for a variety of product application occasions and scenarios. These waterproof disposable mattress pads can be used for infants, adults, and elderly people. They are especially useful for individuals who suffer from incontinence and bedwetting. The waterproof disposable underlays can be used on any type of mattress or bed frame to protect them from moisture and stains.

These disposable underlays can be used in hospitals, nursing homes, and home care settings. They are also suitable for use in hotels, motels, and other hospitality establishments. The adhesive strips on the underpads ensure that they stay in place and do not shift around during the night. The fluff pulp used in these underpads is made in the USA, ensuring high-quality and absorbency.

Our disposable underpads are designed for everyday use and are perfect for individuals who need extra protection during the night.

These underpads are also known as adult diaper underpads and are suitable for use with adult diapers or incontinence products. We offer these underpads in a range of sizes, including custom sizes, to meet the unique needs of our customers.

Our disposable underpads are easy to use and dispose of. They are an excellent alternative to reusable underpads that require washing and drying. These underpads are also more hygienic than reusable underpads, as they can be disposed of after use, eliminating the risk of bacterial growth or infection. With a supply ability of 80000000pcs per month, we are committed to meeting the needs of our customers and providing them with high-quality disposable underpads.

Order your waterproof disposable mattress pads, waterproof disposable underlays, and waterproof disposable underlays today and enjoy the peace of mind that comes with knowing your mattress and bedding are protected.
