### Product Description

## Product Description:

Our Disposable Underpad product is designed with three layers of protection to keep your bed dry and comfortable. The top layer is made of a soft and comfortable material that is gentle on your skin. The middle layer is highly absorbent and capable of holding up to 1200ml of liquid, ensuring that any excess moisture is quickly absorbed and locked away. The bottom layer is waterproof, preventing any leaks or spills from reaching your bed.

Our Disposable Underpad product is available in a standard size of 30x36 inches, but can also be customized to fit your needs. This makes it a versatile choice for any room space selection, whether you need it for your home or for a healthcare facility.

Our Disposable Underpad product is also highly convenient. It can be easily disposed of after use, saving you time and effort in cleaning and washing traditional bed protectors. Additionally, it can be used for a variety of purposes, such as for potty training or for pets.

If you're looking for absorbent disposable bed pads that are both effective and affordable, our Disposable Underpad product is the perfect choice. Its highly absorbent layers and waterproof bottom make it a reliable solution for incontinence bed underlays, while its convenience and versatility make it a great addition to any household or healthcare facility.

## Applications:

Waterproof disposable mattress pads are essential for anyone who needs extra protection from incontinence or bedwetting. These pads are perfect for use in a variety of situations, including at home, in hospitals, and in nursing homes. They are especially useful for those who suffer from incontinence and need a reliable way to protect their beds from accidents.

Waterproof disposable underlays are also great for use in other situations. For example, they can be used as a barrier between furniture and spills, as a protective layer for car seats, or even as a temporary floor covering during renovations. They are also perfect for use in hotels and other hospitality settings where cleanliness is essential.

Disposable incontinence underpads are available in a variety of sizes and styles to suit every need. They come in a range of sizes from 33\*45,45\*60,60\*60,60\*90,60\*120,80\*160,80\*190 and can be customised to fit any bed or furniture. They are made in China with CE FDA ISO9001 ISO13485 FSC certification and can be purchased in bulk with a minimum order quantity of 100000pcs. The price ranges from 0.04-0.1usd depending on the size and packaging details (10pcs,15pcs,20pcs,30pcs,50pcs). The delivery time is 10-15 days and payment terms are TT. The brand name is customisable and the lead time is 3 to 10 days. Free samples are also available.

These underpads are easy to use and provide a comfortable and reliable way to protect furniture and bedding from accidents. They are also great for use during travel or as a temporary solution while waiting for a more permanent solution to be put in place. With a supply ability of 80000000pcs per month, you can be sure that you will always have access to the disposable underpads you need, whenever you need them.

Overall, disposable underpads are a versatile and practical solution for anyone who needs extra protection from spills, incontinence, or bedwetting. They are affordable, easy to use, and can be purchased in bulk to ensure that you always have a supply on hand. Whether you are a caregiver, a parent, or someone who suffers from incontinence, these underpads are an essential item that you won't want to be without.
