Product Description

Our

Product Description:

Designed for everyday use, these disposable bed underpads are perfect for anyone who wants to keep their bedding clean and dry. With 3 layers of protection, they're ideal for use as disposable hospital underlays or for anyone who wants to keep their bed clean and hygienic. Each pad comes with 4 adhesive strips to keep it securely in place, while the waterproof backing ensures that no liquid will leak through to your bedding. And with fluff pulp made in the USA, you can trust that these disposable underpads are of the highest quality. But don't just take our word for it - we're so confident in the quality of our products that we're happy to offer a free sample to anyone who wants to try them out for themselves. So why wait? Order your waterproof disposable mattress pads today and start enjoying a clean, dry bed every night!

Applications:

Our absorbent disposable bed pads are suitable for use in a range of settings, including at home, in hospitals, and in care homes. They are a perfect solution for people with incontinence issues, especially for bed-bound patients who require constant care. These underpad bed sheet protectors can be used to protect mattresses, chairs, sofas, and other furniture from stains and odors. Our product is available in packaging details of 10pcs, 15pcs, 20pcs, 30pcs, and 50pcs, and has a minimum order quantity of 100000pcs. Our product is affordably priced at 0.04-0.1usd per unit, making it an economical solution for those on a budget. Our delivery time is 10-15 days, and we accept TT payments. Our supply ability is 8000000pcs per month, ensuring that we can meet any customer requirements. Our product is available throughout the year, making it a perfect solution for everyday use. Our disposable underpad product is also known as an adult diaper underpad and comes in a size of 30x36 inches or can be customized to meet specific customer requirements. The water absorption of our product is 500ml or can be customized as per customer requirement. The product also features four adhesive strips to ensure that it stays in place during use. Overall, our customizable brand disposable underpad product is a reliable and cost-effective solution for individuals with incontinence issues. It is suitable for a range of occasions and scenarios, including at home, in hospitals, and in care homes. Its high-quality design and affordable price make it a popular choice among customers worldwide.

Support and Services:

Our Disposable Underpad product comes with comprehensive technical support and services to ensure the best user experience. Our support team is available to answer any questions or concerns regarding product usage, functionality, and maintenance. We also provide product training and user manuals to help customers understand the product better. Our team can also assist in identifying and resolving any issues or defects that may arise during product usage. Additionally, we offer customization services to meet specific customer needs and preferences. Our team can work with customers to develop tailored solutions that meet their unique requirements.

Packing and Shipping:

Product Packaging:

The Disposable Underpad product is packaged in a box containing 50 underpads. The box is made of cardboard and features a handle for easy carrying. The individual underpads are folded and stacked neatly within the box to save space during storage and transportation.

Shipping:

The Disposable Underpad product is shipped via standard ground shipping to the customer's address. The shipping box is larger than the product packaging box to ensure proper protection during transit. The shipping label contains the customer's address, order number, and tracking information for easy monitoring of the package's delivery status.
