Our Product

Product Description

Product Description:

One of the key features of our adult diapers is the wetness indicator, which plays a crucial role in enhancing the overall user experience. The wetness indicator is a helpful tool that changes color when the diaper is wet, alerting the wearer or caregiver that it is time for a change. This feature promotes timely diaper changes, reducing the risk of skin irritation and discomfort.

Another important aspect of our adult diapers is that they are latex-free, making them suitable for individuals with latex allergies or sensitivities. We understand the importance of providing safe and hypoallergenic products, which is why our adult diapers are manufactured without latex components.

Our adult diapers are available in three different sizes to accommodate a range of body types and preferences. Whether you need a medium, large, or extra-large size, we have you covered. The adjustable fit ensures a secure and comfortable wearing experience, allowing you to go about your daily activities with confidence.

Each pack of our adult diapers contains 20 diapers, providing a convenient and cost-effective supply for your incontinence needs. With 20 diapers per pack, you can easily stock up on your essentials and have an ample supply on hand for continuous use.

Comfort is a top priority when it comes to our adult diapers, which is why we have incorporated an elastic waistband into the design. The elastic waistband ensures a snug and secure fit, preventing leaks and ensuring maximum protection throughout the day or night. Say goodbye to worries about discomfort or sagging with our reliable elastic waistband feature.

Our adult diapers are crafted with precision and care at our state-of-the-art Machining Center, where advanced technology and quality materials come together to create superior products. We adhere to strict quality control measures to ensure that every diaper meets our high standards for performance and reliability.

In summary, Adult Diaper Manufacturer offers adult diapers with a wetness indicator, latex-free composition, multiple size options, 20 diapers per pack, and an elastic waistband for optimal comfort and protection. Trust our expertise and commitment to quality for all your incontinence care needs.

Applications:

Adult diapers from YZM are designed for a variety of application occasions and scenarios, catering to the needs of individuals requiring incontinence management. With a wide range of sizes available including S, M, L, XL, XXL, and XXXL, these diapers are suitable for users of different body types.

Manufactured in China, the YZM adult diapers come with a range of certifications including CE, FDA, ISO9001, ISO13485, and FSC, ensuring high quality and safety standards are met. The latex-free feature makes them suitable for individuals with latex allergies, offering a hypoallergenic solution for incontinence care.

The YZM adult diapers are ideal for various scenarios such as hospitals, nursing homes, home care, and long journeys. The minimum order quantity of 600 cartons makes them suitable for bulk purchasing, offering cost-effective solutions for healthcare facilities and retailers alike.

Each pack contains 20 diapers, featuring gathered leg cuffs and an elastic waistband for a secure and comfortable fit. The packaging details include options of 10pcs, 20pcs, 30pcs, and 40pcs, providing flexibility for different usage needs.

With a price range of 0.12-0.25 per diaper, the YZM adult diapers offer affordability without compromising on quality. The supply ability of 15,000,000 pcs per month ensures a steady availability of the product, meeting the demands of various customers.

Orders can be processed with a delivery time of 15 days, providing quick access to the product when needed. Payment terms are convenient with options for TT transactions, simplifying the purchasing process for buyers.

In conclusion, the YZM adult diapers are a reliable and versatile solution for incontinence management, suitable for a range of users and settings. Whether in a healthcare facility, at home, or during travel, these diapers provide comfort, protection, and peace of mind for individuals in need.
