What sets our sanitary napkins apart is their multi-layer construction. Each pad features multiple layers of absorbent material that work together to quickly lock in moisture and prevent leaks. The combination of these layers ensures that you stay dry and fresh, no matter how active your lifestyle may be. With our multi-layer protection, you can confidently go about your day without worrying about leaks or discomfort.

One of the key features of our sanitary napkins is the strong adhesive that keeps the pad securely in place.
